

MAKING THE MOST OF YOUR MEMBERSHIP

BOMA Member Since 1999

Member spotlight: Michael Woelcke

Senior Manager of Real Estate Western
Services VIA Rail

“Allied and Professional members look to make contacts that will generate business. Principal members look for contacts with whom they can share concerns and “compare notes” with from time to time. Finally, there is industry recognition from belonging to a respected organization and this benefits all members.”

Michael Woelcke has been working at VIA Rail for nearly 24 years. He has a passion for property management, which makes him a perfect fit for his current role as the Senior Manager of Real Estate Western Services. Not only is this job challenging, but it allows Michael to travel across western Canada visiting his portfolio of railroad stations and facilities owned and operated by VIA Rail.

As a past president of BOMA Manitoba and member of BOMA Canada's Board of Directors in 2005, Michael is a dedicated member and supporter of the association. He enjoys networking with colleagues in the Winnipeg property management industry.

He credits his involvement with BOMA as helping him to prosper in his career, raised his professional profile and encourages others to join the BOMA family!
