BOMA Staff Update

Staff Update from BOMA Executive Director Tom Thiessen

It is with an aspect of regret that I advise that Sarah Delaquis, Marketing & Events Manager will be leaving BOMA on Friday, April 17th, to take a new position as Events & Community Relations Coordinator with a growing prep school in Kelowna, BC.

Among Sarah's many contributions to BOMA since she started here in 2012 are the creation of our

annual Manitoba Building Expo, the new bi-annual INSIDER Magazine, and a successful BOMEX 2014 conference. We've certainly enjoyed having her as part of the BOMA team and we'll miss her! At the same time, we're excited for Sarah as she pursues this new opportunity in Kelowna, and wish her all the best.

Please join me in thanking Sarah for her tremendous contributions to BOMA, and wishing her every success in her new role.

Managing Asbestos in Buildings

A friendly reminder to BOMA member firms about their responsibilities regarding asbestos management. Although the current legislation pertaining to asbestos management in buildings was introduced in 2006, we wanted to ensure that members still have access to all of the necessary information that will help them meet the provincial government requirements.

The Workplace Safety and Health Act and Part 37 of the Manitoba Workplace Safety and Health Regulation, M.R. 217/2006 require specific actions when a potential health hazard is present in the workplace.

For information on creating an asbestos inventory, how and what to communicate to building occupants, and what's required for staff training, please click on the links below.
