

EXPERIENCED COMMERCIAL FLAT ROOFER

Established in 1959, we are a full service roofing and waterproofing contractor dedicated to building long term relationships with our customers through the installation, repair and maintenance of industrial, commercial and institutional buildings.

We are looking for reliable team players who are capable of working from heights, physically capable of heavy lifting and bending and able to work in extreme weather conditions (minus 40 - plus 40. Windy conditions). This position has the potential for movement up to Lead Hand and Second Man positions quickly for the right candidates.

We offer:

- Competitive wages based on experience
- Comprehensive benefits coverage
- Extensive safety training

To apply, you must have the following:

- Ability to work from heights
- Capable of lifting a minimum of 70 - 80lbs safely
- Intermediate English skills
- Valid driver's license
- Access to a personal vehicle - not all sites have transit access
- Able to learn and follow company safety policies and procedures
- Cell phone and plan

We are looking for:

Experienced Flat Roof:

- MINIMUM 5 years flat roof construction experience (required)
- Experience with PVC, TPO and EPDM roofing applications

Job Types: Full-time, Permanent
